The PVSA Award

In 2003, the President's Council on Service and Civic Participation founded the President's Volunteer Service Award to recognize the important role of volunteers in America's strength and national identity. This award honors individuals whose service positively impacts communities in every corner of the nation and inspires those around them to take action, too.

America has a long and proud tradition of volunteer service. The President's Volunteer Service Award recognizes the valuable contributions volunteers make in our communities and encourages more people to serve. The award honors this American tradition and thanks those who inspire others to engage in volunteer service by demonstrated commitment and example.

The award recognizes individuals, families, and groups who achieve a certain number of service hours within a 12-month period.
